NOTICE

OPT7 GLOW supports the car media system with Bluetooth and Android Auto, but does not support Apple Carplay.

HOW TO CONNECT

STEP 1

First view the OPT7 GLOW. After installing the OPT7 light Kits, open the OPT7 GLOW and keep the Bluetooth open then click "Search Devices" to connect.

STEP 2

OPT7 GLOW will detect OPT7 light Kits automatically. Click the device into the light control mode.

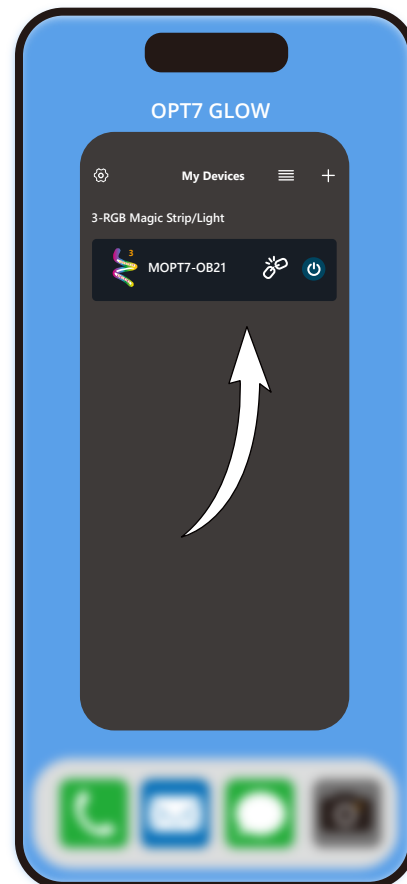

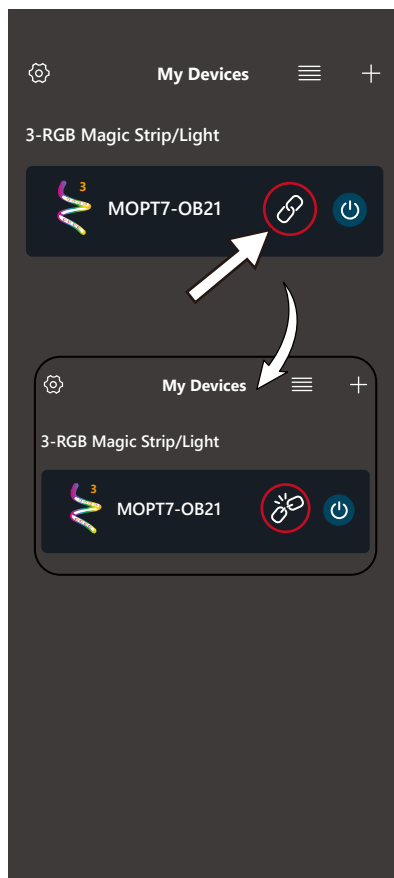

NOTICE

If the OPT7 GLOW shows the icon , which means the device is not connected. Please click this icon again or check if the Bluetooth and the OPT7 light kits work normally.

IMPORTANT

- *On the Android system, it needs to allow the Nearby Devices Permission to search the devices.
- *OPT7 GLOW connects a maximum of 4 devices.
- *If there is no device on the list, please check the Auto Add Devices.
(See more system settings on the page 3.)

HOW TO DISCONNECT

STEP 1

Use the remote control to disconnect the OPT7 light kits.
*need to align the control box

STEP 2

To disconnect the OPT7 light kits. Click the icon  to .

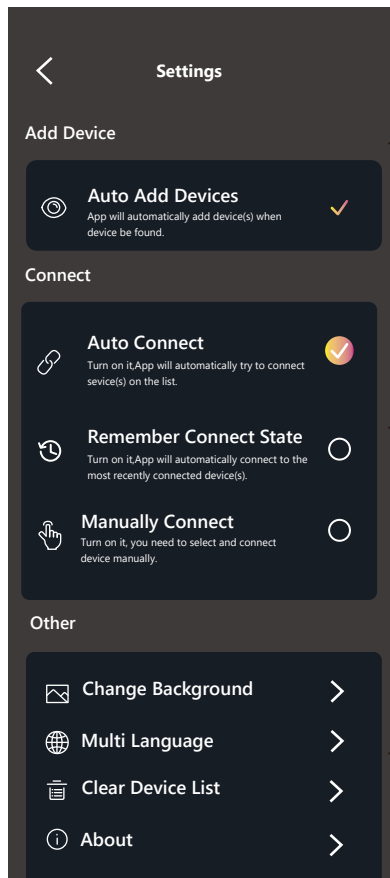

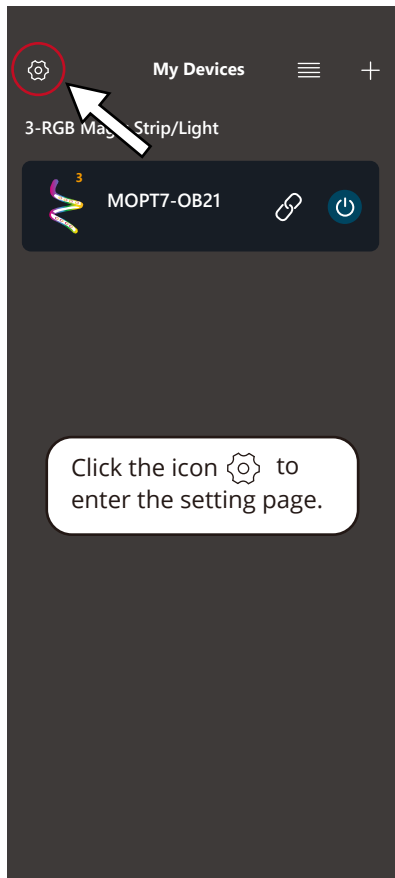

STEP3

Ensure the OPT7 light kits are turned off using the remote control. Then, disconnect the OPT7 GLOW and slide the App out to power it off.

IMPORTANT

*Turning off the OPT7 GLOW completely helps avoid excessive battery consumption and extends the lifespan of the OPT7 light kits.

SYSTEM SETTINGS

INTRODUCTION 1

OPT7 GLOW will detect the OPT7 light kits automatically.
*Recommended to enable the function

(Not support)

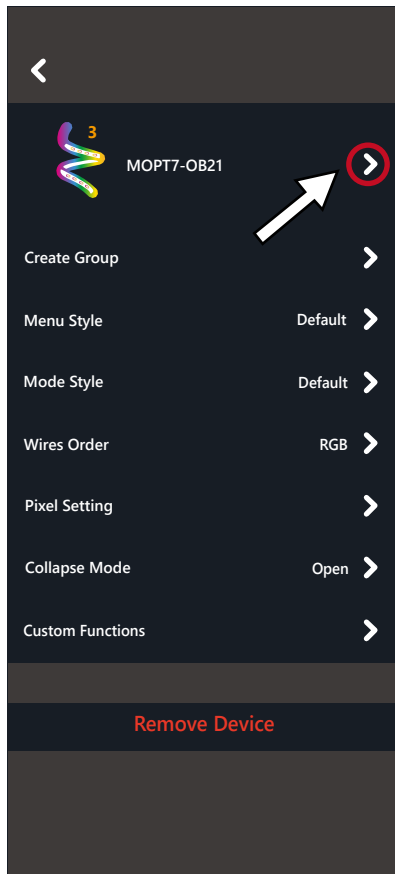

7: Collapse Mode
(Not support)

8: Custom Functions
(Not support)

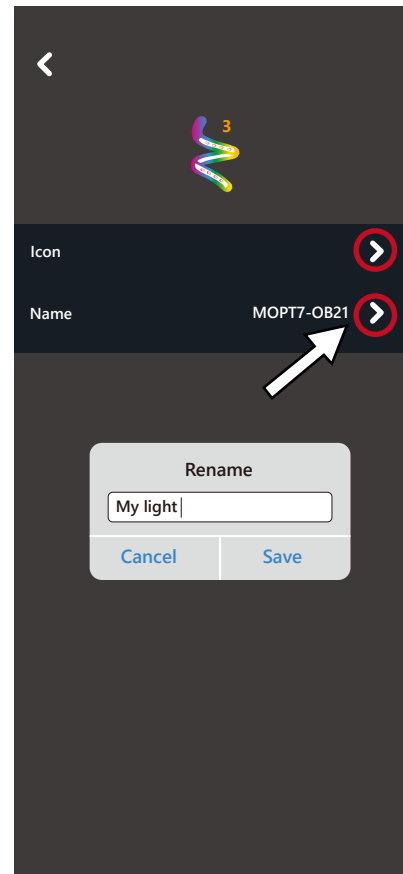

9: Remove Device
(Clear and forget the device)

DEVICE RENAME

How To Rename the Devices and Create a Group

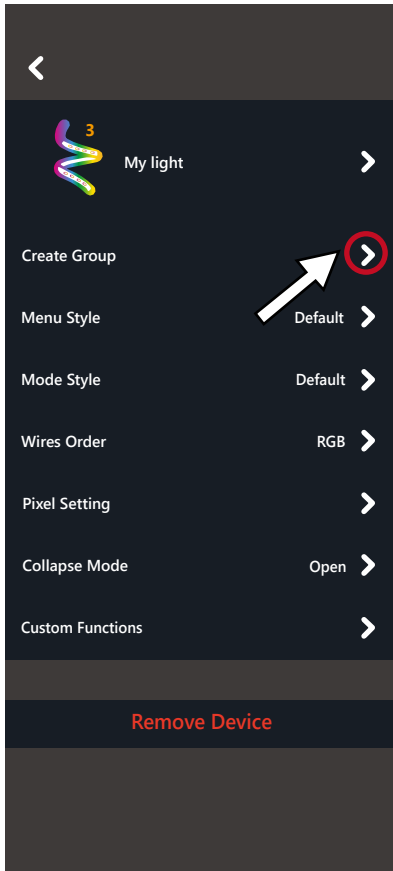

Click on the arrow to enter the device page.

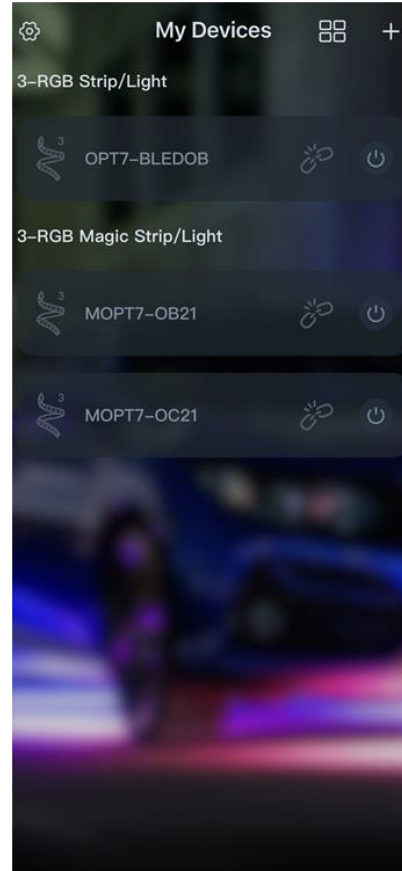

Click the arrow to open the pop-up menu, then rename the device.

DEVICE SETTING

How To Rename the Devices and Create a Group

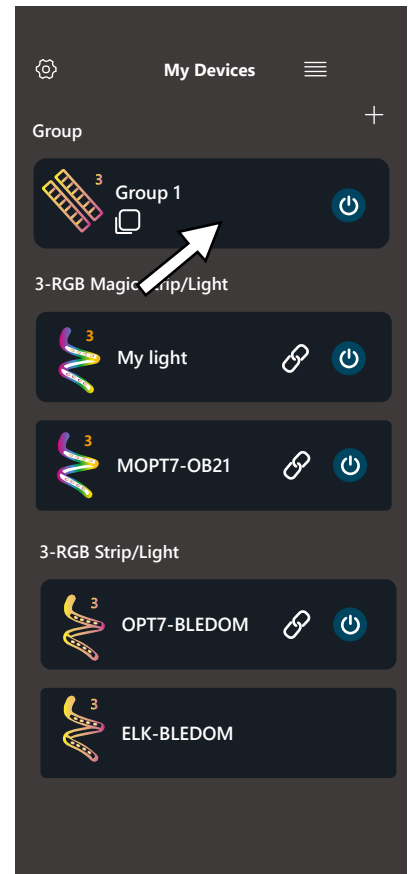

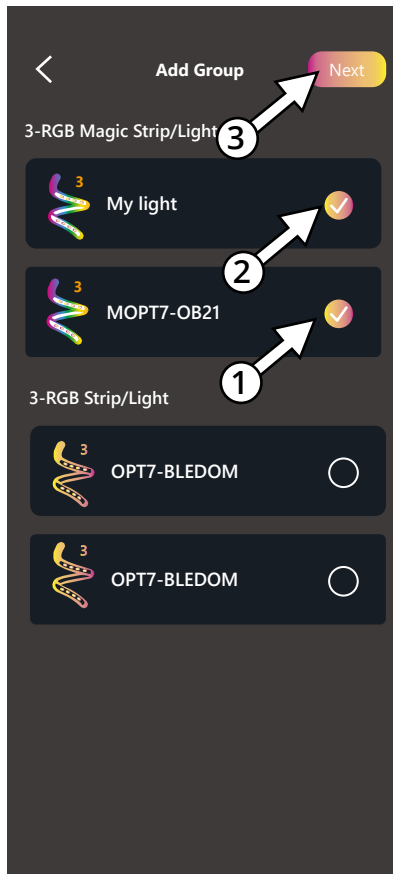

To create a group, click on the arrow to enter the group page.

Grouping can only be the same LED type: RGB or RGB Magic (DreamColor) strips/lights. Different LED types cannot be grouped or controlled together at the same time. You can have both RGB and DreamColor kits in the OPT7 Glow app, but they must be controlled separately and cannot be grouped together.

DEVICE SETTING

How To Rename the Devices and Create a Group

Select the same LED type as seen 1 & 2, then click next.

*ONLY THE SAME TYPE OF LED KIT CAN BE GROUP TOGETHER.
*MAX 4 ALLOWED TO ONE APP.

Enter the group name you want to use (for example, Magic Strip/Light for DreamColor ARGBIC kits). Once renamed, click SAVE to complete.

The app can now control the grouped LED kits together. Please note that some kits may have different color modes due to variations in strip length.

RGB MODE

USER INTERFACE

INTRODUCTION

- 1: Device name
- 2: Device setting
- 3: On/Off
- 4: RGB mode

HOW TO SET PIXEL

STEP 1

Ensure that the control box is properly connected then Click the icon  to enter Product Settings.

STEP 2

Click Pixel Setting to access the configuration.

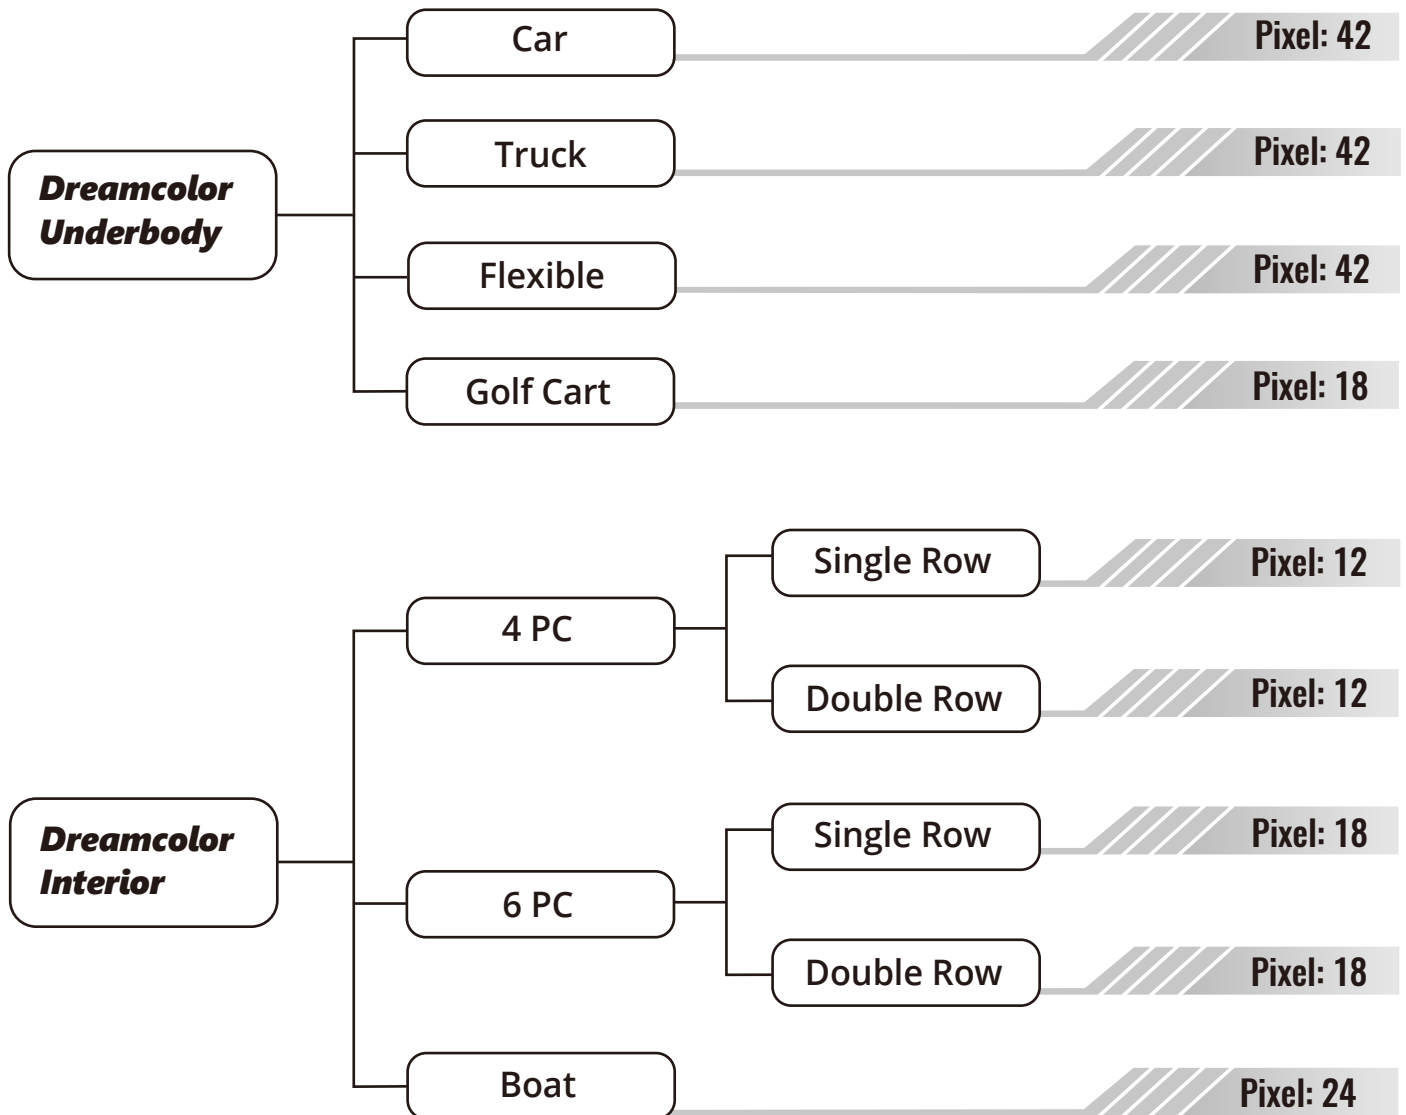

STEP 3

Refer to the table below for the corresponding pixel values of the OPT7 product. Enter the correct values to ensure proper functionality.

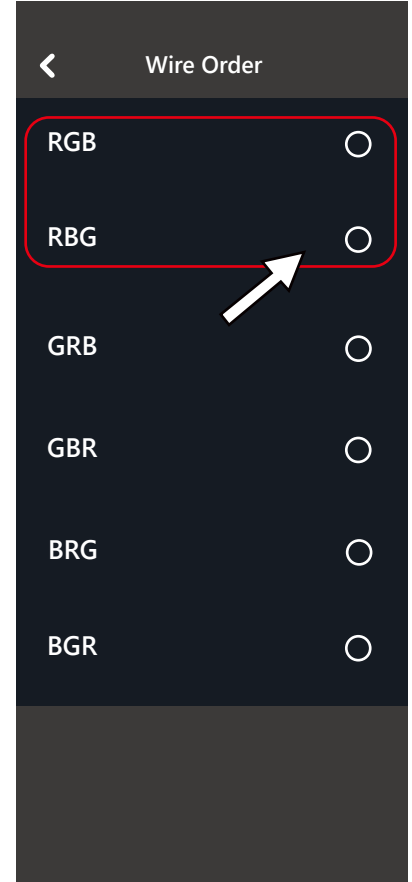

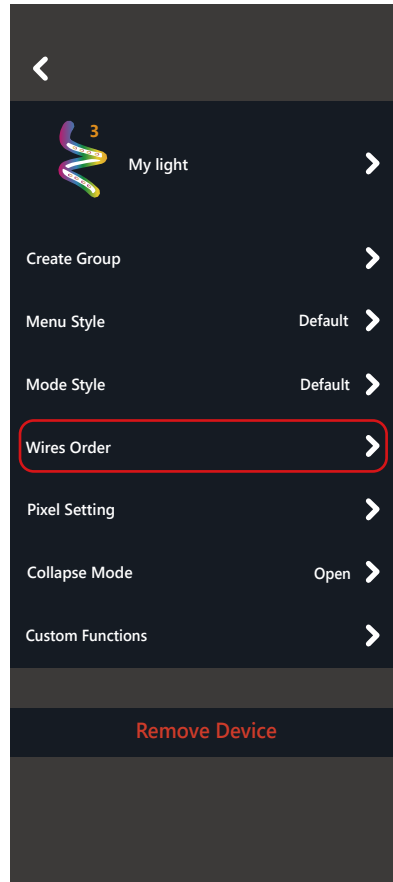

IMPORTANT

- *Verify that the control box is correctly set up and connected to the app when setting the control box pixel
- *Only Dreamcolor series products require pixel adjustments.
- *Make sure to enter the correct pixel values corresponding to your product.
- *Incorrect values may cause the product to malfunction.
- *After setting the pixel, remember to pair the remote control.

OPT7 GLOW DREAMCOLOR SERIES

COLOR SETTING

If you are having issues with color discrepancy between what's selected in the app and what the light kit actually displays. Here's a detail breakdown to remedy the issue.

STEPS

1. Open Setting

Navigate to the PENCIL Icon located in the upper right corner of the screen.

2. Access Wire Order Settings

In the settings, locate and select the option labeled WIRE ORDER.

3. Select the RGB as the Color Option.

Choose RGB as the color section. If selecting **RGB** results in incorrect colors, please switch to **RBG**.

*If the issue persists, please contact the OPT7 Support Team:
