INSTALLATION MANUAL

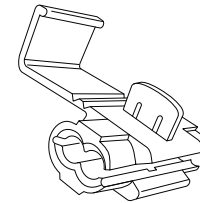

**RIGID LED LIGHT BAR**

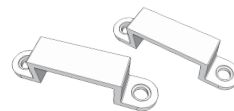

**CONTROL BOX WITH SWITCH**

**KEYCHAIN REMOTE**

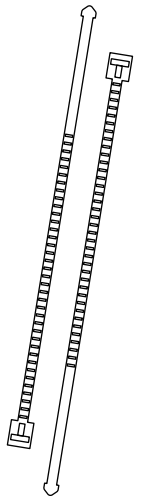

**SCOTCHLOKS**

**BRACKETS**

**ADHESIVE BOOSTER**

**ZIP-TIES**

## **WHAT'S INCLUDED**

# INSTALLATION

**STEP 1** Open the package, and verify all the includes parts are received prior installation.

**NOTE**

Please ensure to perform a bench test on light bar through the control box before installing it on your vehicle.

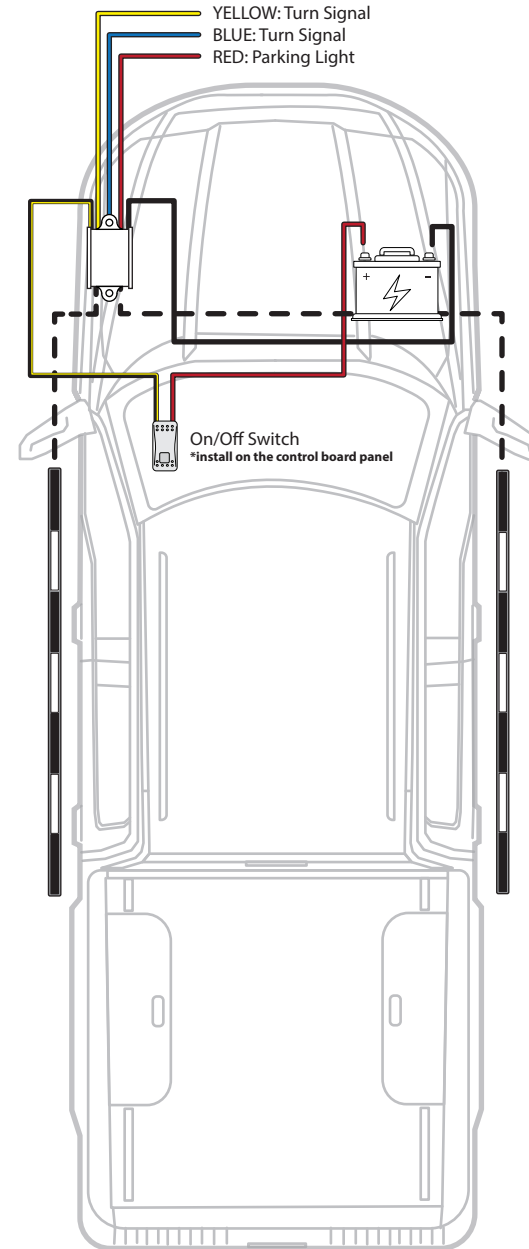

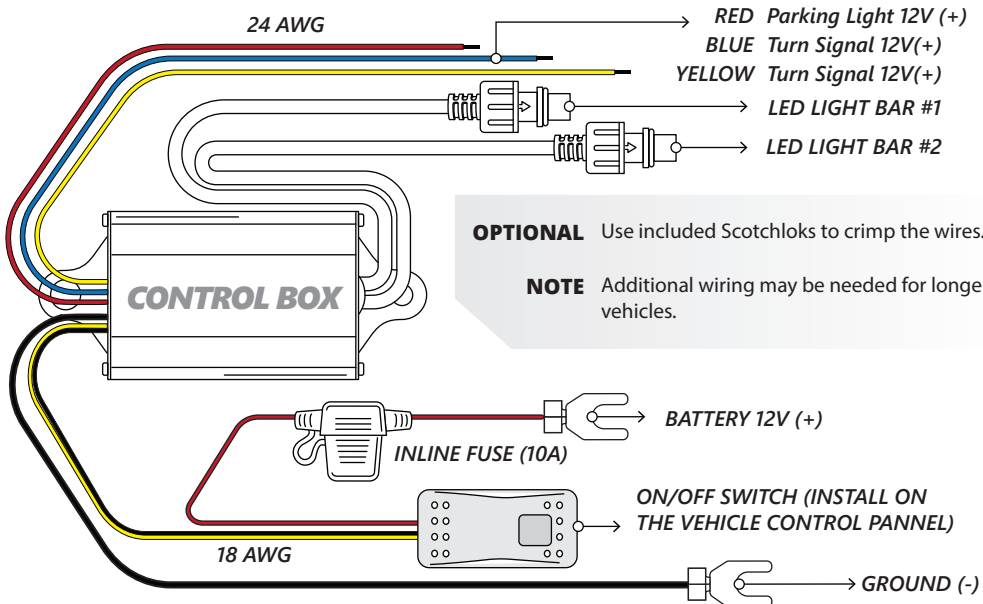

**STEP 2** Thoroughly clean the surface area you will be mounting the LED light bar. (A dirty surface will prevent the LED bar from attaching firmly and securely.)

**STEP 3** Wipe the mounting area with the included adhesive booster.

**STEP 4** Wipe the mounting area with the included adhesive booster, peel off the backing tape, apply the light bars to the desired location, and for extra security, use the included mounting brackets to drill and fasten the light bar.

**OPTIONAL** Use the provided brackets to strengthen the hold with screws.

**STEP 5** Next, find your vehicle's corresponding wiring as shown below to power the unit.

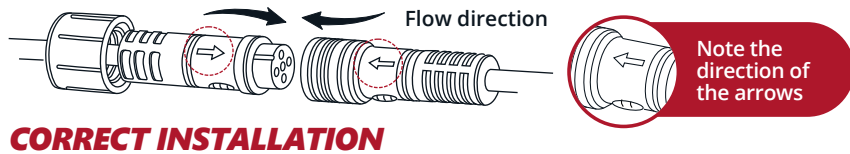

**WIRE AND INSTALL LOCATION SUGGESTION**

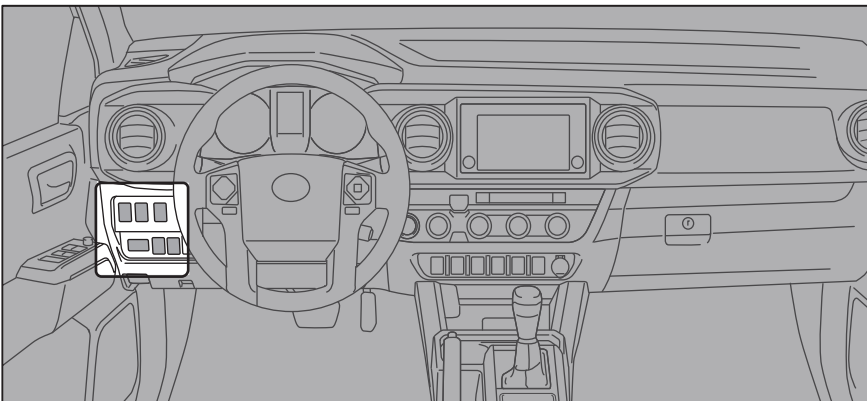

# INSTALLATION

## ⚠ IMPORTANT ⚠

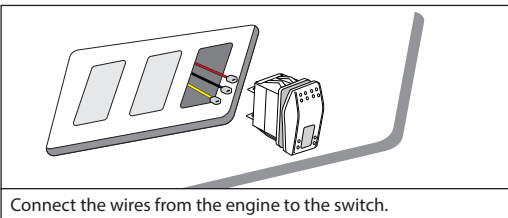

**BE SURE TO CONFIRM THE CORRECT DIRECTION OF THE ARROW!!  
TO AVOID PRODUCT DAMAGE DUE TO INCORRECT INSTALLATION.**

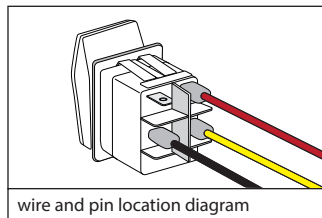

**STEP 6** Switch install location suggestion :  
\*Must follow the color to connect the wire and the switch.
